

# Our School, Our Future

Our improvement priorities for session 2026-2027

**Together we can help every child learn, grow and achieve.**

We have chosen three priorities to make learning even better. Here is what we will focus on this year and what it will mean for your child.

## 01 CONFIDENT WRITERS

We will build on the excellent progress children made in writing last year.

- Clear, step-by-step writing lessons
- Creative and independent writing
- Helpful feedback and next steps
- Strong early literacy foundations

**More confidence. Stronger writing.**

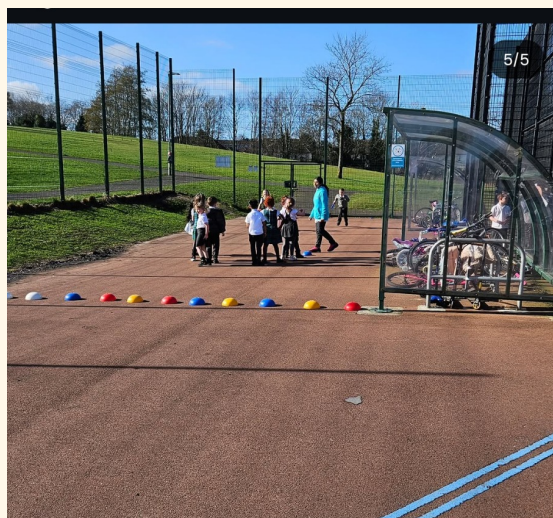

## 02 SKILLS FOR LIFE

We will create more opportunities for children to develop skills, responsibility and independence.

- Improve playground areas and play
- Develop teamwork and leadership
- Care for our school and resources
- Celebrate wider achievements

**More opportunities to shine.**

**Learning goes beyond the classroom.**

Children learn through creativity, play, teamwork and real-life experiences.

# Learning Together

Strengthening the partnership between school and home

## 03 SCHOOL + FAMILIES

We want every family to feel informed, involved and able to support their child's learning.

- Reading and maths workshops
- Regular class learning updates
- Google Sites learning portfolios
- Learning showcases and events
- More ways to share your ideas

**Stronger links. Shared success.**

## Our children are already making a difference

### Pupil voice matters

We want children to have a say in school life, take responsibility and celebrate their achievements.

Working with families helps us make Park View a welcoming community for everyone.

## How can you get involved?

Join us for workshops and showcases, share your ideas and celebrate your child's progress.

**Thank you for being part of our Park View community.**
